

**INFORMATION ABOUT THE NOMINEES
FOR POSITIONS ON MANAGEMENT COMMITTEE 2019-20:**

CHAIRPERSON:

Peter Solomon B, Ec., Dip (Val)

Member and volunteer, joined Capital Community Radio in 2003 – with training became a Presenter in the same year – initially 3 days per week 4 am to 6 am.

As a Committee Member was Chairman of the Sponsorship Sub-committee.

Have been Chairman on two occasions for extended periods – once following Phil Salinger and again when John Dubber left suddenly.

Presently on the Programme Sub-committee as official “Presenter Trainer”

Previously Chairman of various Govt. and Private Entities.

Bill Willesee (current Chairperson)

Bill is 75. In July 2010 he retired as Senior Lecturer in Business Law at Curtin University. He and wife Susan travelled the world for a couple of years. In 2012 he became a new volunteer at Capital Radio, first as a producer then a presenter. His first show, Sunday night 27 May 2012, he remembers: *“I was terrible. But was allowed to continue and I’ve just passed 500 shows. Hopefully it was a bit better than the first.”*

In 2015 he was elected to the Management Committee and in 2017 became the Chairperson. Now he says: *“I thought it would be easy. Attend a few meetings and swan around. But it soon became clear that while the world was moving on, we were happily content where we were. And that, in reality meant we were slowly falling behind.”*

The shock came with the new requirements for renewing our broadcast licence. Now we have to implement a high standard of good governance, control of funds, accountability and transparency. Also, a true involvement with our community; identifying and fulfilling the needs of our seniors. And everything must be documented.

There’s no going back. But the music shall always remain the same.

I am standing for the Committee as I believe in the ethos of the Station and would like to become more involved in its running.

I am very proud to be one of the foundation members of our beloved capital community radio.

i am also very proud to be the long-standing co-ordinator of our annual Radiothon, which is our only major fund-raising activity throughout the year.
