August 6th 2019

To the Secretary,
Capital Community Radio (Inc)

NOTICE OF MOTION FOR THE 2019 AGM

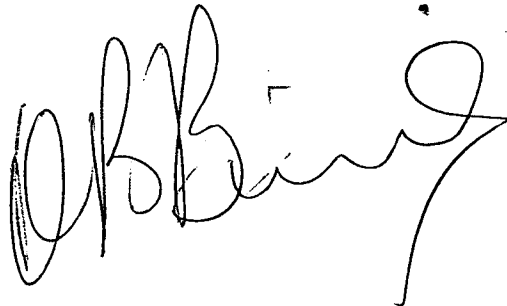

Preamble:

During the past two years I have met many 101.7FM listeners who had made regular donations to the station's Radiothon and had considered they were then members of the organisation. They were quite surprised the when I explained the situation and why they had not previously been receiving copies of *Capital Capers*. When donations are made it should be explained the benefits of membership and they could allocate the balance of the donation not used for membership which would qualify for a tax deduction through the station's Deductible Gift Recipient Charitable status. This should increase membership and build a closer relationship with listeners.

MOTION:

"When listeners or members of the public who are not already members of CCR make a donation to the station, they are asked if they would like a portion of the amount to be allocated to an annual membership subscription."

Regards,

A handwritten signature in black ink, appearing to read 'Daryl Binning', written in a cursive style.
